## Hudson County Economic Development Corporation

### Giving Business A Helping Hand

---

The Hudson County Economic Development Corporation is a not for profit organization serving Hudson County. We have an active Board of Trustees representing a cross section of business, labor, community and local government.

#### ❖ Finance

The HCEDC, in close cooperation with area banks the New Jersey EDA, will assist your company in loan packaging, often at below market rates. Our Business Loan Program (BLP) is designed to help businesses that are established and promising, yet unable to obtain conventional financing. Eligible uses include working capital, the purchase of new machinery or equipment, and the purchase or renovation of business property in Hudson County.

#### ❖ Ombudsman Services

Sometimes it is helpful to know where to call to solve a business problem. The Hudson County Economic Development Corporation maintains a close association with prominent businesses and organizations within the County, as well as governmental agencies on the local, state and federal level. We stand ready to help.

#### ❖ Research Information and Demographics

To assist you in making an informed business decision, the Hudson County Economic Development Corporation serves as NJ State Data Center Affiliate, providing the most up to date census, business and industrial data available. We also produce comprehensive reports and demographics specific to the County. These include vital statistics on major employers, income trends, and UEZ Zones and tax rates for all 12 municipalities.

#### ❖ Site Location

Your decision to locate or relocate in Hudson County is based on your business property requirements. We provide individualized property searches taking all your requirements into consideration.

#### ❖ Internet Accessibility

If you have access to the Internet, many of the services and publications of the Hudson County Economic Development Corporation may be found at our website: [www.hudsonedc.org](http://www.hudsonedc.org).
